Three Rivers College complies with, and fully supports Section 504, of the Rehabilitation Act of 1973 and the American’s with Disabilities Act of 1990. Therefore, the college does not discriminate on the basis of a disability against an otherwise qualified individual in any program, service or activity offered by the college. The college is committed to ensuring that no otherwise-qualified individual with a disability is excluded, denied services, segregated or otherwise treated differently than other individuals because of the absence of auxiliary aids or other appropriate services. The college may provide reasonable accommodations however; it cannot result in an undue burden to the college or fundamentally alter the essential functions of the job.

Employees are responsible for initiating the request for any disability related workplace accommodation. The request for accommodation should be made in writing to the 504/ADA coordinator. The director of human resources is the 504/ADA coordinator for the college. The request should include the following:

1. Name, phone number, and address of the employee
2. Position title and division
3. Immediate supervisor’s name and extension number
4. Physical or mental condition and its duration
5. Accommodation requested
6. Brief summary of how the requested accommodation will enable the employee to perform the essential functions of the job.

The office of human resources will evaluate each request on a case-by-case basis to determine what type of documentation is necessary and if the requested accommodation is appropriate and reasonable. Documentation requested may vary depending on the nature and extent of the disability and the accommodation requested. The office of human resources will discuss the request and any possible alternatives with the employee. If the accommodation is deemed appropriate and reasonable, the associated cost will be discussed with the appropriate supervisor.
All college employees have a legal obligation to maintain confidentiality regarding another employee’s disability-related information. Supervisors and human resources staff will provide information only when it is necessary to facilitate an accommodation.

Reasonable accommodation requests should consider the following factors:

1. What is the nature of the employee’s condition (physical or mental)?
2. How does the condition effect the employee’s workplace setting?
3. Does the condition limit one or more major life activities?
4. Will the accommodation allow the employee to perform the essential job functions effectively?
5. Will the requested accommodation alter or remove an essential function of the job?
6. What impact will the requested accommodation have on the functionality of the department?

The college is not required to provide an accommodation that will have the effect of eliminating an essential function of the job in question, or to provide an accommodation or service which is personal in nature, such as a hearing aid or wheelchair. Furthermore, the college is not required to lower performance, production or conduct standards, or to alter an employees’ expected attendance requirements for the job. An employee needing to request an accommodation for a disability to enable them to perform their job should contact the office of human resources.

Once the office of human resources receives the request for accommodation form with all the appropriate documentation; a written determination shall be made within fifteen (15) calendar days of receiving the completed request. If an accommodation is provided, the employee will be notified of an expected date of implementation. Should additional time be needed to make a determination, the employee will be notified of the status of the request and an estimated date will be provided.
