I would have gone straight to 4 year school.

I'm not sure because I believe all needs were well met.

No improvement needed.

I think the student experience is already wonderful.

N/A excellent

You guys are awesome!

Shorten survey

None

Better communication

Maybe a in depth training video for first time online students a week before classes start to give them time to learn how to do everything.

Just make sure you get your work done and don't get behind and if you feel like you can't juggle so many classes it's okay to drop one because it's better to drop it than fail it .

It's a great school overall I wouldn't really change anything.

Offering more trade opportunities!

N/A

It was great .

More events

Everything seemed to be well maintained and a good learning environment

Offer more majors

Don't treat students like children

Na

Less long surveys

Make sure faculty have sensitivity training

Better food

Keep offering classes.

More engaging activities that people would want to do.
