The nursing program was amazing but my living on campus experience was terrible.

I had a hard time leaving home and adapting to the new environment

Location was too far from home

Much of the information in the IT classes were 10 or more years out of date	
I really wish we had a class to attend. I would have been more helpful.	
The criteria was difficult to understand and follow especially for someone who doesn't use computers.	
I feel like the program needs to be better organized.

The different events that go on each week are not very well advertised to students. Emails about those would be nice!

More degree programs

Get dedicated instructors for the IT classes the adjunct instructors were canceling class for their other job.

For the criminal justice major, I wish that there were more in person classes offered. I love my instructor, but for the information that we are learning when I had him in person, he was able to give us great examples. I believe that the course would be way more attractive with more in person classes as well.

I could not say that the college needs to improve. The college met all my financial and educational needs.

Offer a beginners computer class.
Better advising.
Better advising, more in-depth art classes
I'm not sure
It is for the most part been an amazing experience.
.
I have no improvements for the the tree rivers college.
Advisors need to let students know about graduation. I had no idea I had to sign up or when it even was or any information about it.
It was very inclusive and in depth
There was nothing to improve. Three Rivers was the best I experienced and I tried college 3 other times!
I don't have anything at this time. Three rivers has treated me well.
Three Rivers has been good to me!

I wish there was more community and connection between all students. Sometimes it felt like only student athletes where involved and had access to things. I'm sure someone who lived off campus could also feel the disconnect. Also more housing .
