## 2023-2024

## **Loan Counseling Recap**

- You must abide by the requirements set forth in your Master Promissory Note.
- The interest rate for subsidized and unsubsidized loans is capped at **8.25**% with a processing fee.
- All student loans will be disbursed into multiple disbursements. You must be registered in at least 6-credit hours in your degree program at time of disbursement.
- You must repay your student loan, including all accrued or capitalized interest, as well as any fees that you have incurred.
- There are many repayment plans to choose from and one should be right for you. If you are having difficulties making your payments, the first thing you should do is contact your loan servicer. To find out who services your loan, log-in with your FSA ID at <a href="https://www.studentaid.gov">www.studentaid.gov</a>.
- Consequences of not paying on your loans in a timely manner:

#### Lower Credit Score

 Each time you are delinquent on a payment to a creditor, it is reported to at least one credit bureau, which lowers your credit score, called a FICO score. Lower credit scores limit your ability to obtain auto loans, mortgages, and credit cards with favorable terms.

#### No Access to More Federal Aid if You Need It

If you default on a federal student loan, you will lose eligibility to receive additional federal student aid, as well as eligibility for loan deferments, forbearances, and your choice of repayment plans.

#### Additional Costs

 Your loans may be turned over to a collection agency and you will have to pay additional charges, late fees, and collection costs.

#### Loss of Professional Licenses

• If you have a professional license or certificate, the issuing agency may revoke it if you default on a federal student loan.

### Demand for Immediate Repayment

When your loan goes into default, we may require you to immediately repay the entire unpaid amount of your loan. This is called "acceleration."

#### Tax Refund and Federal Benefits Offsets

The Department of Education (ED) can work with the Internal Revenue Service (IRS) and state agencies to withhold your federal and/or state tax refunds to repay your defaulted federal student loans for as long as it takes to pay off your debt. It can also withhold other federal aid such as Social Security.

### Wage Garnishments

- ED can have money withheld directly from your paycheck to repay your federal student loans. This is known as wage garnishment.
- Federal regulations require all Federal Direct Loan Borrowers to complete Student Loan Exit
  Counseling. Exit Loan Counseling should be completed by the Federal Direct Loan Borrowers upon
  leaving the institution. Students who withdraw or drop below half-time status are still required to
  fulfill the Exit Counseling requirement. Three Rivers College receives electronic notification once
  you have successfully completed your Exit Counseling Session at www.studentaid.gov.
- Before you withdraw from classes, contact the Office of Financial Aid. You must maintain good academic standing and meet all Satisfactory Academic Progress guidelines. (Policy is available at https://trcc.edu/wp-content/uploads/SR2760.pdf)
- If you borrow the annual max limit in Fall/Spring, you will <u>not</u> have remaining loan funds for summer.
