**Drug and Alcohol Prevention Program
Biennial Review**

Three Rivers College Biennial Review Alcohol and Other Drug Programs 2012-2013

The Drug Free Schools and Campuses Regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act (DFSCA) require an institution of higher education (IHE) such as Three Rivers College to certify it has implemented programs to prevent the abuse of alcohol and use or distribution of illicit drugs both by Three Rivers College students and employees both on its premises and as a part of any of its activities. At a minimum each institution of higher education must annually distribute the following in writing to all students and employees:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees;
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;
- A description of any drug or alcohol counseling, treatment, or rehabilitation or reentry programs that are available to employees or students; and
- A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct.
- The law further requires that the institution conduct a biennial review of its program with the following objectives:
 - Determining the effectiveness of the policy and implementing changes to the alcohol and other drug programs if they are needed; and
 - To ensure that the sanctions developed are enforced consistently.
- The biennial review must also include a determination as to:
 - The number of drug- and alcohol-related violations and fatalities occurring on the campus or as part of their activities that are reported to campus officials;
 - The number and types of sanctions the IHEs impose on students or employees as a result of such violations or fatalities.

Three Rivers College acknowledges its legal obligation to conduct a biennial review of compliance with the Drug-Free Schools and Communities Act and authorized an administrative review to be conducted to determine if the college fulfills the requirements of the previously mentioned Federal regulations. The Student Services office, Human Resources and Campus safety are responsible for conducting the review and reporting on the findings. The purpose of this report is to comply as best as possible, using data collected over the past two years, and to give evidence of the procedures in place for subsequent biennial reports. The following campus units provide information for biennial reports:

- Student Services Office
- Campus Safety Office
- Human Resources Office

The intention of this document is to meet the legal requirements of conducting a biennial review and also summarize the programs and activities related to alcohol and drug prevention on Three Rivers College's campus during the 2011-2012 and 2012- 2013 academic years. The following information was examined for the biennial review:

- Alcohol and drug policies at similar institutions
- Alcohol and drug information provided students
- *Student Handbook* policies related to drug and alcohol use on campus and the sanctions imposed for failure to comply
- *Employee Handbook* policies related to drug and alcohol use by college employees and the sanctions imposed for failure to comply
- Various resources available to students and employees regarding drug and alcohol abuse
- Incident reports in the Student Service's Office related to any possible infractions of the drug and alcohol policy presented to students
- Local, State and Federal Mandates

Compliance with Drug-Free Schools and Communities Act:

Three Rivers College is committed to providing a drug free environment for all students and staff.

Three Rivers College strives to remain in compliance with the requirements of the Drug-Free Schools and Communities Act. The college has adopted and implemented programs to prevent the abuse of alcohol and use or distribution of illicit drugs both by students and employees both on its premises and as a part of any of the college's activities. Three Rivers College has a written policy on alcohol and other drugs and distributes this to students during orientation, through access to the online *College Catalog/Student Handbook*. The *Staff Handbook* also contains the Drug and Alcohol Policy.

The materials are located on the college website and contain the following:

- Standards of conduct that prohibit unlawful possession, use or distribution of illicit drugs and alcohol on its property or as a part of its activities;
- A description of the health risks associated with the use of illicit drugs and abuse of alcohol;
- A description of counseling or treatment programs;
- A clear statement and description of the disciplinary sanctions the institution will impose on students and employees.

The federally mandated policy about alcohol and other drugs will be discussed in more detail with students during orientation. In addition, the alcohol and drug policy will be presented to all employees with the distribution of the Staff Handbook.

Drug and Alcohol Policy

Three Rivers College prohibits the possession or use of illegal drugs and alcohol on or around its property at any time. Areas where the use is prohibited include: student housing, student campus activities, classrooms, school parking lots, roadways, leisure

activity areas, and all offices or work areas considered college property.

Any violation of this policy will result in prosecution under Missouri law when applicable, as well as disciplinary action by the college deemed appropriate within the policies of conduct prescribed and approved by the Board of Trustees.

This policy addresses alcohol, drugs and other intoxicants. The purpose of this policy is to clarify the rules regarding possession, consumption and distribution of intoxicants within college owned or operated buildings, property and grounds including administrative, instructional and off site facilities; the policy applies to all college employees, students and visitors. In all instances this policy will be construed to comply with federal and state law.

Workplace Policy:

In compliance with federal regulations, Three Rivers College has taken steps to insure a drug free workplace. Those employees that wish to seek help for drug or alcohol related problems are encouraged to coordinate benefits through the Human Resources Office.

Should an employee be convicted of a drug violation in the workplace, federal law requires the employee to notify their employer within five calendar days of the conviction. Any employee involved in the manufacture, distribution, possession, use or dispensing of a controlled substance in the workplace may be subject to immediate termination.

 - d. Possible penalties of drug-abuse and rehabilitation violations.

Health Risks Associated with Drug and Alcohol Use:

Illicit drug use may result in:

- Physical or psychological dependency;
- A craving or inability to stop using drugs;
- Adverse effects on the body systems; injury due to motor vehicle crashes, assaults or other unintended acts;
- Disruption of personal relationships and work habits;
- Ineligibility for some types of employment

Health risks associated with Drug and Alcohol use facts you should know if you are considering the consumption of alcoholic beverages:

- Missouri's legal drinking age is 21.
- Missouri's legal blood alcohol limit is .08.

If you DO choose to drink:

Misuse of alcohol or drugs inhibits your ability to act responsibly or react quickly. Below are a few safety tips you should keep in mind:

Limit your alcohol intake.

- Avoid combining alcohol with prescription medicines and club drugs; the combination can be dangerous.
- Never leave your drink unattended or accept a pre-poured drink from a stranger.
- Buzzed or drunk driving is deadly and illegal; leave your vehicle parked and find other transportation. Your life and others' lives depend upon your decision.
- Don't hesitate to call Public Safety (573-840-9713) if you or your friends are in need of assistance and have been drinking. Our main concern is your safety!

Health Risks

Substance abuse may result in a wide array of serious health and behavioral problems. Substance abuse has both long and short-term effects on the body and the mind. Alcohol and drugs are toxic to the human body. In addition to the problem of toxicity, contaminant poisonings often occur with illegal drug use. HIV infection with intravenous drug use is a prevalent hazard.

Acute health problems may include heart attack, stroke, and sudden death, which can occur for first time cocaine users. Long lasting effects caused by drug and alcohol abuse can cause problems such as disruption of normal heart rhythm, high blood pressure, leaks of blood vessels in the brain, bleeding and destruction of brain cells, possible memory loss, infertility, impotency, immune system impairment, kidney failure, cirrhosis of the liver, and pulmonary damage. Drug use during pregnancy may result in fetal damage and birth defects causing hyperactivity, neurological abnormalities, and developmental difficulties.
